THEY OWE \$67,000

INTERESTING FACTS CONTAINED IN SUPERINTENDENT'S REPORT.

HAD \$130,000 EXPENSE

This Amount Spent For Salaries, Fuel and Supplies—Estimated Value of Sites and Buildings \$415,000.

From July 1, 1912, to June 30, 1913, it took \$130,000 to run all of the city schools and rural schools of Nodaway county, according to the report of County Superintendent of Schools Oakerson to the state superintendent of schools. This amount was spent for salaries of teachers, fuel and all supplies.

The estimated value of all school sites and buildings in the county is \$415,000, and the estimated value of all school equipment, libraries, furniture and apparatus is \$45,000.

The present indebtedness of all the schools in the county amount to \$67,000. Of this amount \$50,000 is for the public school building in Maryville.

There were 246 teachers in the county last year, being 36 white males, 209 white females and 1 colored male teacher. The total amount of the salaries of the male teachers in the county is \$18,695, and the total amount of the salaries of the female teachers is \$84,286.

The following other interesting facts are from Mr. Oakerson's report for the last school year:

The enumeration is 7,859, while the enrollment is 6,774. There are fifteen districts enrolling less than 15 pupils, and there are four districts where there are no school. There are only fifteen districts having more than 60 enrollment.

There are twenty-three rural districts having an average attendance of less than 10 pupils, and there are sixteen having more than 40 enrollment.

The total number of days attendance by all pupils in the county is 796,875, and the average daily attendance is 4,960. The number of cases of tardiness is 1,200, of truancy 109, of corporal punishment 490.

The average length of school term in days is 160, and the number of schools in the county having less than four months are none, while twenty-three have more than eight months.

No school houses were built in the county during the past year.

The number of pupils that may be seated in public schools, white 9,800, colored 40.

The number of pupils graduating from the common school course, male 56, female 94; total 144.

The number of pupils enrolled in high schools is 531, 231 being males and 302 females. The number of high school graduates is 89, 26 being males and 63 females.

The number of districts having libraries 28,750. The value of the libraries is \$13,266. The amount spent the past year for library purposes by the school was \$1,436, there being 2,778 volumes added. There are 128 districts that complied with the library law.

The number of school houses in the county are 183. The number of school rooms 251.

Oklahoma Visitors Leave. Mr. and Mrs. W. R. Cook and daughter of Shawnee, Okla., who have been visiting Mr. and Mrs. Henry Cook of South Maryville, left on the Wabash Friday morning for South Dakota to visit two sisters of Mr. Cook.

Mr. and Mrs. Byron Christie and daughter went to McFall, their former home, Friday, to attend the annual picnic there.

DIED IN CALIFORNIA.

Mrs. Martha Culverson Brockelman, formerly of Maryville, died suddenly Thursday afternoon.

Mayor A. S. Robey received a telegram Friday morning telling of the sudden death, at 5 o'clock Thursday afternoon, of Mrs. Martha Culverson Brockelman at Santa Rosa, Cal.

Mrs. Brockelman was the mother of Mayor Robey's first wife. She went to California about twenty years ago to make her home, awhile after the death of her husband, Dr. Culverson, who was a resident of this city many years. Mrs. Culverson married again after going to California. She is survived by a son and two daughters, Charles Culverson of this city and Mrs. Mamie (Walter) Lindsay and Mrs. Carrie (George W.) Saubury of Santa Rosa, Cal.

It is not yet known if the body will be brought here for burial.

McMILLEN FELL AT BOGARD.

The Aviator Who Was Injured in Maryville Smashed His Machine and Bruised Himself in Fall.

Ralph E. McMullen, the aviator who received minor injuries here June 18, when his biplane turned over with him in landing, fell forty feet at Bogard, Mo., last Friday, badly smashing the machine and bruising himself. His own hurts were not serious.

McMullen had made one successful flight at 5 o'clock that evening. Later he made a second flight, which was without mishap until he tried to land. As he started down an automobile got in his way and he had to rise again and make another circle before landing. It was at this time that the biplane struck an "air hole" and dropped suddenly forty feet to the ground.

A BASKET DINNER.

The Good Hope Church, West of Hopkins, to Have an All-Day Meeting Sunday.

The Good Hope church, six miles west of Hopkins, is to have an all-day meeting Sunday. At noon a big basket dinner will be served. Rev. Lester M. Jones, who has been attending school in New York, will preach at 11 o'clock a. m. and in the afternoon at 2 o'clock Rev. Gilbert S. Cox, pastor of the First M. E. church of Maryville, will preach. Rev. W. F. Wiley of Clearmont is pastor of the church.

Visiting in Des Moines.

Mrs. J. P. Norris left Friday on a two weeks' visit to her sister, Mrs. Dr. Norris of Des Moines, Ia.

Mrs. Florence Brumbaugh of Des Moines, Ia., will arrive Friday evening on a visit to Mrs. H. E. Brumbaugh, living west of Maryville.

DR. R. F. C. KIEB.

Superintendent of Asylum From Which Thaw Made His Escape.

© 1913, by American Press Association.

Dr. Raymond F. C. Kieb, superintendent of the State Hospital for the Criminal Insane at Matteawan, who was in charge of the institution when Harry Thaw made his escape, is to conduct a rigid inquiry of his own in connection with any possible plot that may have existed between Thaw and any guards at the asylum. Howard H. Barnum, aged fifty, was keeper of the gate through which the prisoner made his escape. He has been connected with the Matteawan institution for seventeen years. He says efforts of Dr. Kieb to implicate him are unfair. The gate through which Thaw escaped is also shown.

Fourteen Degrees Lower Friday Over Thursday Morning Made Blankets Comfortable.

Dreams of snow, Arctic explorations, Christmas and other winter scenes visited the citizens of Maryville last night. Then they awoke to the sensations of ice cold feet and chilly breezes which attacked their shivering bodies. They pulled the sheets over themselves and tried to go to sleep again, but sleep would not come. With a final burst of courage they stepped gingerly onto the bare, cold floor and did a hop, skip and jump to the cupboard where the blankets are kept. Then plunging back into bed they wound the blankets round and round them until a successful imitation of a cocoon was accomplished. By this time warmth and sleep were induced to return. All of this was caused by the weather man, who got ahead of himself and pulled the autumn lever. Contrary to the usual condition of things, no one is knocking him, and an effort will be made to have him hold this lever down for a good long time.

At 7 o'clock this morning the thermometer stood at 57 degrees, a drop of 14 degrees since Thursday morning, when the temperature was 71.

The highest daily temperatures for the month of August as given by observer Brink are:

THE PARCEL PICNIC.

To Be Held August 28, 29 and 30—Promises to Be Very Successful.

Parnell's annual three-day picnic will begin next Thursday, August 28. The program which has been arranged is a full one and promises three days of splendid entertainment. There will be addresses, music, entertainments and contests every day. Thursday, the first day, will be Harmony day. Rev. Green, pastor of Harmony church, will lecture at 2 o'clock in the afternoon on "Rural Development." Music will be furnished by the Harmony band and Harmony quartet. The speaker for Friday is Rev. Hoover of Ravenwood, and the day's program will be filled out with music by the Blockton band, entertainment by the Sanders and sons trio, races and other amusements. Saturday, the closing day, is the day of the horse show, which will start at 2:30 p. m. Prizes will be given for the best sucking mule colt, best sucking draft colt, best all-purpose colt, best mule team (broke), best draft team (broke), best driving team and best single driver.

May Have an Ice Plant.

Burlington Junction may have an ice plant. George M. Klecker, a representative of the Reummili-Dawley Manufacturing company of St. Louis, was in that town the other day conferring with Lon Monk and T. E. Fordyce, ice dealers, about the erection of a plant there. If Mr. Monk and Mr. Fordyce decide to make artificial ice the plant will be built on the Heald lots, south of the Carter building, providing sufficient water can be obtained.

A Sunday School Picnic.

The Sunday schools of Burlington Junction will hold a union Sunday school picnic on the school grounds next Wednesday afternoon, August 27. Among other amusements there will be two ball games, one between teams made up of boys under 16 years of age, and the other between the fags and the leans. The basket dinner will not be eaten in the middle of the day as heretofore, but about 5 o'clock in the evening.

Visited His Daughter-in-Law.

I. N. Wray of Pickering was in Maryville Friday forenoon on business and also visited Mrs. Harry Wray of Seward, Neb., who underwent a surgical operation at St. Francis hospital a few days ago.

EVANGELISTIC MEETINGS.

A Tent Meeting to Start Near Pickering on September 10.

About three miles southeast of Pickering and about half way between Myrtle Tree and Mozingo Valley tent meetings will be held in the beautiful grove of Mr. Murray Lincoln. These meetings will begin September 10 and will run until the 28th.

Rev. H. C. Hankins of Liberty and Prof. J. R. Howey of Kirksville are the evangelists. These men have conducted successful meetings at Burlington Junction, Clearmont, Skidmore and other places in Northwest Missouri.

By the kindness of Mr. Lincoln a most excellent place has been secured. It is high, supplied with water and centrally situated.

Methodist people on the Pickering charge have arranged for this good movement. H. J. Dueker is the pastor of these progressive people.

TO CONSTRUCT DAM.

A Concrete One in Nodaway River So as to Put Water in New Ditch.

A concrete dam is to be built at once to take the place of the dam broken by the high water in the Nodaway river at Burlington Junction Sunday.

The dam which was destroyed had just been completed. It was made of earth and, being still unsettled, could not hold against the heavy current caused by the rains north of there. It had been built to turn the water into the new drainage ditch.

The members of the drainage board, William Blackford, J. S. Corken, William Carter and C. E. Walker, met Tuesday to discuss the new dam. It will be let by contract and must stand until May 1, 1914. The estimated cost is \$500. Three more dams will be built later at other points, where the water is still flowing in the old channel.

BOXING CONTESTS AT OWLS.

Kid Butler to Put On Several Bouts at That Club—A 10-round Contest.

Next Thursday.

Kid Butler of Elk City, Okla., is working out daily at the Owls club as a boxer. This week boxing bouts between him and Steve Viles have been staged, and they will continue at that place.

Butler has been in the business for three or four years. On next Thursday he will box with Roy Hawes of Ft. Worth, Texas. It will be a 10-round bout and will take place at the Owls. If Butler is successful in this contest he will then take on Bobbie Waugh of St. Joseph. A contest between Butler and Eddie Johnson is being arranged to take place at Pueblo, Colo., September 20.

Butler is intending to make his home in this city.

A NEW VARIETY OF CORN.

Has Red, Yellow and White Grains on the Same Ear—Is Crawford's Easter Egg Corn.

Prof. Hugh Crawford of Ravenwood

has, after several years' work of experimenting in the crossing of different varieties of corn, produced a new variety which he thinks is better than any other for all purposes. In the crossing process Prof. Crawford used red, yellow and white corn, and the new variety has red, yellow and white grains on the same ear. Prof. Crawford is showing some specimen ears of his new product that measure 11 inches in length and 8 inches in circumference. He has named it Crawford's Easter Egg corn.

NEW ADVERTISING RATES.

September 1st a new advertising rate card will be in effect on The Democrat-Forum. A slight advance has been made in nearly all classes of advertising. This has been necessary by advances in prices for nearly everything entering into the cost of making paper, and also by the fact that increased circulation means increased cost for output which must partly be borne by the advertiser. Since the rates now in effect were made the circulation has increased at least 50 per cent, while the increase in rates averages only about 10 per cent. **Special contract rates for large amounts of space and for regular space advertising made known upon application.** The open rates follow:

Display advertising, first insertion, per inch 20c
Each succeeding insertion, per inch 15c
Short locals, each insertion, per word 1c
Headed readers of 60 words or more, per word, first insertion 1c
Each subsequent insertion, per word 1/2c
Poultry ads, business and professional cards, per inch per month \$2.00
Less than one month charged at regular display advertising rates.

Yearly contracts can be made at a discount from the regular advertising rates. Call us and our advertising man will be glad to visit you.

RAVENWOOD.
We had a nice rain at Ravenwood Tuesday evening. It was a regular downpour for awhile, and will do much good to growing crops for awhile, but we will soon need more.

Early corn is badly damaged already, but the later corn can be much benefited by some good showers.

That bumper crop of wheat is still being threshed and hauled to market. I think very little is being held except for seed. Should the fall season be favorable a very large crop of wheat will be sown in this part of the country.

The good roads enthusiasm has not materialized in this part of the county. I understand the road overseer has not made any effort to organize and is taking no interest in the enterprise. Hot weather and busy season is probably the only excuse.

Our town is improving by putting in concrete crossings on all the streets.

Robert Ross, an old resident, has been quite sick for more than two weeks, with very little improvement.

What They Say About It.

The following is from today's Kansas City Times about the musical attachment to W. W. Linebaugh's car:

The latest improvement to the motor car is a musical attachment that is operated automatically by the movement of the car. A musical genius of Clearmont, Mo., is the inventor of this new appliance, which reels off "Home, Sweet Home" so loudly that it can be heard for a quarter of a mile. Now, what should be done to this young man for adding to the racket of the motor car?

Kitchen Shower For Bride-Elect.

Miss Mary Allen, youngest daughter of Mr. and Mrs. R. G. Allen of West Third street, who is to be married in September to Mr. W. J. Enis of Nevada, Mo., was given a kitchen shower Thursday evening by the young ladies of the Alderman-Yehle store, where

Miss Allen was employed for a time. Mrs. Allen served a luncheon to the guests after the shower, and the usual fun that accompanies an event of that nature, then the guests took the bride-elect to the picture show at the Empire and witnessed very appropriate scenes to end the evening's pleasure.

Those in the party were Miss Allen, Misses Gertrude and Georgia Condon, Miss Agatha Kirch, Miss Kate Willis, Mrs. Gay Leeper and Freddie Josephine Brown of Kansas City, Miss Katherine and Teresa Yehle, Miss Nelle Campbell, Mrs. Zetta Broyles, Mrs. Verna Murphy, Miss Emma Crandall, Miss Marie Cook, Mrs. Lois Long and Gladys Long.

Surprised Her Husband.

Mr. Ferdinand Townsend's birthday anniversary was on Thursday. When he went home to supper Thursday evening he received unusually happy attention from Mrs. Townsend, and thinking she was only endeavoring to make the day a little different in the routine of a busy business man's life,

which she was, and to keep him from thinking he was getting old as Methuselah, which a young man is apt to do on a hot day, he accepted everything in the manner in which it was given, consented to go car riding after supper and make a call on Miss Susie Ellison and Mr. George Robb Ellison.

After a little while they were summoned home, only to find a party of friends there ready to make merry the rest of the evening. A visit to the picture show was the first thing on the program and Mr. and Mrs. Townsend and their guests were no sooner seated than a slide was thrown on the screen by Mr. Kuchs wishing Mr. Townsend many happy returns of the day. The whole evening was a very pleasant surprise to Mr. Townsend.

Mr. and Mrs. O. T. Swearingen and Misses Lovie Merle and Venia Swearingen of Morrison, Okla., and Mr. and Mrs. Dan Pierce and Misses Velma and Harma Pierce of Stanberry were visiting at the home of Mr. and Mrs. John Woods, east of Clyde, this week. Mrs. Emma Bishop and son of Jones, Okla., also arrived this week on a visit to Mr. and Mrs. John Woods and family.

Party for Niece and Nephew.

Misses Bernice and Roxie McGinnis, daughters of Mr. and Mrs. James McGinnis of near Bedison, gave a party Wednesday evening for Miss Chestnut and James Adams of Aurora, Mo., who have been visiting at their grandparents' home during vacation time. Games, music and refreshments were the pastimes. The guests, aside from the honor guests, were Miss Clara Stein and Miss Margaret Weidinger of Ft. Madison, Ia.; Misses Lida Ambrosie, Blanche Erickson, Joy McNulty, Misses Lottie and Eula Kidd, Miss May and Emma Jenson, Messrs. Vern Henson, John and Floyd Amrose, Dale Partridge, Harry Whitehurst, Will Stein, Alex, Harry and Fred Jensen, Harold Erickson, Robert McGinnis and Ova Hall.

President Will Tell Country All
About Mexican Situation.

DETAILS OF NEGOTIATIONS.

**Note to Huerta Government and Its
Reply to Be Presented—States
There Has Been No Exhibition of
Partisanship—Praises Republicans.**

Washington, Aug. 21.—President Wilson is at work on a special message which he probably will read to both houses of congress Monday, relating in detail the negotiations which have been conducted through his personal representative, John Lind, with the Huerta government in Mexico.

It is the president's intention to give congress a comprehensive narration on what has been attempted in Mexico by Mr. Lind. He will also give his conception of the policy pursued by the United States toward Mexico.

The president's hope is that the situation will disentangle itself, though he believes it will take a little time to dispel certain illusions possessed by the Huerta government as to the attitude of the American people and congress. The president let it be known the question was not a party one and that Republican senators had shown an admirable spirit in his conferences with them and not the slightest partisanship had been exhibited. The president believes the debate in congress will serve to refute the contention of Provisional President Huerta that the administration's policy toward Mexico is not supported by all political parties.

Penrose's Resolution.

The first refutation of this Huerta supposition came in the senate when prominent Republicans vigorously upheld the hands of the president. The expressions of confidence in the wisdom and good faith of President Wilson were made by several Republican leaders in succession, after Senator Penrose (Rep., Penn.) had introduced a resolution to require the president to place American troops in Mexico to protect American lives. No action was taken on the resolution and though Senator Penrose declared that the sending of troops could by resolution be decreed not unfriendly to Mexico, the view at the White House and state department was that such a move in effect would be an act of war.

Incidentally it was learned that since the presentation of the Huerta reply Monday, which has now been received in full at the state department, nothing of significance has occurred in conferences between John Lind and Senor Huerta. Mr. Lind has not abandoned hope, however, of convincing President Huerta of the argument made in the first American note, and there is no intention to recede from the attitude then taken.

CAMINETTI TRIED TUE. DAY

Companion of Diggs Will Face Jury
Next Week.

San Francisco, Aug. 22.—F. Drew Caminetti, companion of Maury L. Diggs in the flight from Sacramento to Reno with Marsha Warrington and Lola Norris, will face a jury next Tuesday in the same court room in which Diggs was convicted and attempt to prove that the elopement episode did not render him amenable to punishment for violation of the Mann white slave act.

Special Prosecutor Theodore Roche announced the exact charges or counts of the indictment upon which the government will attempt to convict Caminetti. They are four in number—that he transported or assisted in the transportation from one state to another of Lola Norris for immoral purposes; that he transported or assisted in the transportation from one state to another of Marsha Warrington for immoral purposes; that he induced and enticed Lola Norris to go to Reno for immoral purposes, and that he induced and enticed Marsha Warrington to go to Reno for immoral purposes.

Speer to Attend Hearings.

Washington, Aug. 22.—Federal Judge Emory F. Speer of Georgia, charged with official misconduct in papers filed with the house committee on judiciary, will attend any hearings that the committee may have to take evidence in the case. He telephoned to Representative Hughes of Georgia, asking that he arrange for his appearance at the proper time. Mr. Hughes immediately conferred with Chairman Clayton of the committee and later notified Judge Speer that he would be permitted to be present with counsel.

Discrimination Is Charged.

Topeka, Aug. 22.—Charging discrimination in freight rates in favor of Kansas City and Omaha and against a number of Kansas towns on certain commodities shipped from Galveston and New Orleans, the state public utilities commission filed with the interstate commerce commission a complaint against sixty seven railroads.

Official Mexico Silent.

Mexico City, Aug. 22.—Officially Mexico continues silent regarding the negotiations with the representative of the president of the United States, Mr. Lind, although the public has been given to understand that they are yet in progress.

HOLT for High Prices, Maryville, Mo., U. S. A.

SUMMARY OF CROP CONDITION.

**Fruit Growers Report No Damage of
Consequence From Drought—A
Good Market.**

The following is from the Missouri state board of horticulture:

Reports from the following territory are from men who are interested only in giving the facts for the benefit of the fruit grower, and are not from buyers or shippers' associations:

New York reports 47 per cent of last year's crop.

West Virginia, 15 per cent of last year's crop.

Virginia, 60 per cent of last year's crop.

Illinois, 50 per cent of last year's crop.

Oregon, 60 per cent of last year's crop.

Washington, 70 per cent of last year's crop.

Missouri river district, 56 per cent of last year's crop.

Missouri, 40 per cent of last year's crop.

This indicates that Missouri growers should have no trouble in marketing their apples to the best advantage.

Growers who have been giving their orchards good attention—and those are, in the main, the growers who are located in districts where frost damage has been comparatively light for the past ten years—will receive as much for this year's crop as for their crop in 1912.

Growers report no damage of consequence from drought. Unsprayed orchards, as usual, show heavy losses from codling moth during July and August. These orchards, however, have little material effect on the total production, as only sprayed orchards are producing considerable quantity of apples for market.

His Own Rail.

Old Mose was so notorious as a chicken thief that all the thefts in the neighborhood were charged to him. Finally a man in the neighborhood had all his turkeys stolen, and the negro was arrested.

"You stole Mr. King's turkeys?" asked the judge.

"No, I didn't sir," said Mose.

"Well, how was it they were found at your house, then?" continued the judge.

"Well," said Mose slowly, "I'll tell yo', sub. I nevah stole dem turkeys; but las' night I went 'cross Mr. King's pastah an' seen one of my rails on de fence, so I jus' brought it home. And, sub, when I come to look dar was nine turkeys settin' on de rail!"

Not Supposed to Get Drunk Here.

One of the Maryville papers says a man, Tom Ashbrook, was arrested for shooting up the road, and further adds that the man was drunk. Now, Maryville has a saloon, a place where men take a drink and then go about their business. If it was in some dry town that this drunk was caught it might be believed. But in a town where there are no keg parties, men never are supposed to get drunk.—Blanchard Herald.

THAW'S HEARING
IS CONTINUEDMay Submit to Deportation If
He Can Say Whither.

Sherbrooke, Que., Aug. 22.—Until Wednesday of next week, barring unforeseen developments, Harry K. Thaw will remain in the Sherbrooke jail. On that day he is to be arraigned in the superior court on a writ of habeas corpus. Between now and that time his battery of Canadian lawyers hopes to perfect plans not to thwart deportation, but to submit to it gracefully to a point selected by Thaw.

This in brief was the status of Matteawan's fugitive, arrested on Tuesday near Coaticook, Que., and committed to jail here on a defective warrant.

All of the lawyers profess to believe that the minister of the interior will accede to the request that Thaw be permitted to "nominate his destination" in return for submitting without further protest to deportation.

A ROYAL WELCOME

CONGREGATION OF FIRST BAPTIST CHURCH GREET NEW PASTOR.

ACTIVITY GRATIFYING

Addresses Were Made by Leaders of Various Church Departments, Indicating Great Interest.

A nearly complete representation of the First Baptist church membership and congregation was present Sunday morning at the regular church service and remained for the annual luncheon in the church parlors, where a delightful social time followed. All the services of the day, with the afternoon program, combined to make one of the best social and spiritual seasons in the history of the church, and was a propitious opening to the pastorate of the new pastor, Rev. Louis M. Hale, and a royal welcome to him and his bride in the establishment of their home here.

The subject of the morning sermon was "Our Ministry." The text is found in Mark 10:43-45, where Jesus made reply to James and John, who were naturally aspiring to a place in His kingdom, in order to keep near Him, and corrected their false ideas as to what His kingdom would be, and they found that he who would be greatest must be able to be the best servant.

The music for the day was exceptionally good. Mrs. D. J. Thomas sang "He Shall Feed His Flock," from the "Messiah," by Handel, and the choir sang a beautiful anthem by Lansing.

Miss Alma Nash's new church orchestra gave a number in the afternoon and Miss Marie Jones sang "The Penitent," by Van de Water.

Several good addresses were made after roll call, by the leaders of the various church organizations, which indicated an activity among all of them that was very gratifying.

Senator Craig made the first address, speaking in the interest of the Sunday school, of which he is superintendent. He mentioned one thing that speaks well for the earnestness of the seventeen teachers, and that is there is rarely ever one of them absent. He asked the church members present for \$50, which will be used to purchase necessary equipment for work in the primary department, which is under the direction of Miss Ada Albert, and is one of the liveliest departments of the church.

Next Sunday will be rally day for the Sunday school, and Superintendent Craig asked a united effort on the part of all to secure a renewed interest in the study of the Bible in the Sunday school and a great attendance next Sunday morning as a beginning for better work and a larger school.

Mrs. Eugene Ogden, president of the Woman's Missionary society, spoke of the work the women are engaged in in such a way as to inspire all who heard her and make them know that the missionary spirit is absolutely necessary to real Christian living.

Mrs. Mary Owen, president of the Ladies' Aid society, brought all the women of the church still closer together in her brief review of their work that has resulted in raising \$5,000 in the last four years, and she gave no hint of a resting place ahead with the \$1,800 pledge for the coming year. She openly said that the Ladies' Aid society was composed of the best women in the world.

Mrs. W. A. Baffey, on behalf of the Ladies' Aid, presented a set of solid silver spoons to Mrs. J. H. Anderson in a very able manner, as a token of their love. This part of the afternoon service occasioned real regret, as both Mr. and Mrs. Anderson have been untiring workers for the past two years. They will leave this week for their new home in Wyoming. At the evening service Mr. Anderson and his little daughter, Orrel, were baptized into the fellowship of the church.

Professor Westbrook spoke of the work of the Baptist Young People's Union, and his leadership as president is bound to inspire them to better work.

F. W. Olney, the church treasurer, made a good report of this very important part of the church work.

After all had spoken, Rev. Hale gave a short talk, and surprised his hearers by telling them he did not want them to think too much of him. That he wanted to be their leader, and that together they would follow Christ and carry on His work together successfully. But if they lost sight of the fact that they were co-workers together and began to be satisfied with following him, failure would follow.

FUNERAL ON TUESDAY.

Services for the Late M. D. Taylor to Be Held at Family Home Conducted by Rev. C. J. Miller.

The remains of M. D. Taylor, who died in Chicago Thursday, arrived in Maryville Monday morning, being accompanied by the dead man's father, Thomas Taylor of this city.

The funeral services will be held at the family home on West First street on Tuesday afternoon at 2 o'clock and will be conducted by Rev. C. J. Miller, pastor of the Christian church. Burial will take place in Miriam cemetery. The body will lie in state from 10 o'clock to 2 o'clock Tuesday.

The cause of Mr. Taylor's death was acute pneumonia. He had been in ill health since an injury he received in a railroad wreck six months ago.

Mrs. C. F. Brady, a sister of the deceased man, will be unable to attend the funeral. She resides in Fort Wayne, Ind., and is threatened with a case of typhoid fever. However, she made a trip to Chicago to see her father and her deceased brother against the wishes of her physicians.

WINNING MANY PRIZES.

C. D. Bellows' Herd Buil, Radium, is Winning—Will Be on Exhibition at St. Joseph.

C. D. Bellows purchased last spring a herd bull, Radium, which is to be delivered to him after the shows this season or some time in October. This bull has taken many prizes at the shows being held. It took first in the junior yearling class at the Nebraska state fair, also first in the junior yearling class at the Kansas state fair at Topeka, and grand champion at Topeka, beating the bull that won the grand champion at the Nebraska state fair.

The bull will be on exhibition at the interstate fair being held in St. Joseph this week.

Mr. Bellows will have two herd bulls for his Shorthorn cattle. He still has Diamond Goods, who is valued at \$10,000, and then his new purchase, Radium, which has every promise of being a good one.

CONTRACT IS SIGNED.

Flights Will Sure Be Had at the Maryville Fall Festival in October.

The Commercial club board of directors signed the contract with the Curtis-Wright-Bleriot aviators of Chicago for biplane flights to be given by Roy Francis and Sky-High Irving during the Maryville fall festival, on October 8, 9 and 10. These aviators come well recommended and among the best in the country.

The horse and mule show during the festival will be for two days only, probably Wednesday and Thursday of that week.

All of the plans for the festival are being made now, and it is expected that it will be Maryville's best entertainment for her visitors.

THE RIVER IS UP.

Raised Two and a Half Feet Up to Sunday Night—Plenty of Water Now on Hand.

There is no danger of another water shortage in Maryville, at least not for some time. The river was raising Saturday and Sunday, and up to Sunday night had raised two and a half feet. There is plenty of water in the reservoirs and plenty in the river.

The new boiler is now being used. The old one will be taken up this week and another new one installed in its place.

The dam is just about completed, men working on the side ends of the dam on Monday. The concrete work is all finished.

IN POLICE COURT.

Only Five Cases of Drunkenness Up Before Mayor Robey Monday Morning.

There were five cases up before Mayor Robey Monday morning and they were all charged with drunkenness. They pleaded guilty and were fined \$2 and costs, amounting to \$8.10 in each case. They were as follows: A. C. Davis, R. A. Shepherd, Joe Smith, Dave Ferris and E. L. Reece.

McPherson as Elder.

Rev. Hugh C. McPherson, former pastor of the Hunday Methodist church of St. Joseph, has been appointed presiding elder of the St. Joseph district of the Southern Methodist church to succeed Dr. C. H. Briggs, who has been transferred to the southern conference. The Buchanan Street Methodist church of this city is in the St. Joseph district.

Pearl Borchers vs. John Hoshor, amended petition filed.

According to an order to become effective February 1, 1914, petitions for naturalization will be heard at the first and third terms of the Nodaway county circuit court and on the first Friday of each of these terms.

SERVICES LARGELY ATTENDED.

Many Friends Present to Hear Words of Consolation as Touching the Death of Mrs. Roy Curfman.

The First Presbyterian church was filled to overflowing with friends Saturday afternoon, where the funeral services for Mrs. Roy Curfman took place. The pastor, Rev. S. D. Harkness, spoke with deep feeling concerning the life of the young wife and mother, who had been one of the most prominent workers of the church, and great consolation was gained from the text he used, Phil. 3:10—"That I may know Him, and the power of His resurrection, and the fellowship of His sufferings, becoming conformed to His death."

The floral offerings were innumerable and lovely. The members of the choir had arranged their floral offerings in a beautiful manner about the organ, where Mrs. Curfman had presided so acceptably for several years. The numbers they sang were "O God, the Rock of Ages" and "O Love, That Will Not Let Me Go."

Rev. Gilbert S. Cox, pastor of the First M. E. church, sang the familiar hymn, "Lead, Kindly Light."

Interment took place in Miriam cemetery, with LeRoy Lippman, Charles Wadley, J. D. Richey, M. A. Lewis, H. T. Hooker and D. E. Hotchkiss as pall bearers.

HAD FROST LAST NIGHT.

Was General—The Temperature Was Down to 32 at 7 o'clock This Morning.

Frost was had this morning and the temperature registered 32 at 7 o'clock. Frost was had on Saturday, but it was mostly in the low places. Fair weather and warmer is the forecast for tonight and Tuesday.

Miss Mabel Miller, daughter of Mr. and Mrs. Theodore Miller, left for Chicago Sunday night to attend the Columbia School of Expression.

PASSED FIVE HUNDRED MARK.

Attendance on Rally Day at First M. E. Church Went Beyond Expectations—Little Folks Pleased.

The effort to have 500 in attendance at Sunday school at the First M. E. church Sunday morning was more than realized, as 522 were in classes at 9:30 a.m. and took part in the study of the lesson, and the pastor, Rev. G. S. Cox, was happy. Many visitors came later. The primary and cradle roll departments attracted the greatest number of visitors. The work done with the wee people is really remarkable and is deserving of the attention being given it.

A home department was started with fifteen members. It is expected that this will be a large work for this department of the Sunday school as there are many who are unable to attend the shut-ins from sickness or old age. This work will be under the care of Miss Jane Barrow, deaconess, who has recently been secured to assist in the pastoral work.

Floyd Davis, the 11-year-old son of George Davis, drayman of his city, who makes his home with Mr. and Mrs. D. F. Shupe, west of Maryville, was kicked by a horse Sunday morning about 8 o'clock, when he was feeding the horses in the barn.

One of the horses kicked him on the left side of the head as he was passing behind the animal to go into the stall.

Physicians were summoned who took the boy in a car to St. Francis hospital, where an inch and a half of bone was removed from his skull.

He has not regained consciousness and his recovery is not yet ascertained.

Floyd had been making his home with Mr. and Mrs. Shupe since

the separation of his father and mother.

THE CREAMERY MEETING.

Fifteen Farmers in Attendance at the Meeting to Talk Over a Co-Operative Creamery.

At the meeting held late Saturday afternoon in the court house, at which fifteen farmers close to Maryville were in attendance, the co-operative creamery for Maryville was discussed, and everyone present was in favor of such an organization.

Before an organization was perfected it was thought best that each one of these fifteen farmers circulate petitions in their neighborhood to find out how these farmers feel toward this proposition, and also to find out how many cows they have and how much cream they can furnish. They will also be asked to be sure to be present at a meeting to be held in the court house on Saturday, October 4, when the organization will probably be perfected for a co-operative creamery.

RESIGNED PASTORATE.

Rev. Ransford, Sent by Conference to Ravenwood and Guilford, to Take Church Near St. Louis.

Rev. Ransford, who was sent by the Southern Methodist conference to take the churches of Ravenwood and Guilford, has resigned as pastor of these churches to accept the pastorate of a church near St. Louis. Sunday was to have been his first Sunday at Ravenwood, and since he did not appear, no church services were held at the Southern Methodist church in that town.

Rev. S. E. Hoover, who was pastor of these churches the last year, is now at Agency. It is not known at this time who will be sent to these places.

HOFFMAN TO OMAHA.

To Attend the Convention of the Commercial club Secretaries of the Central States.

John L. Hoffman, secretary of the Maryville Commercial club, left Monday morning for Omaha, Neb., to attend the convention of the Commercial club secretaries of Nebraska, Missouri, Iowa, Kansas, Arkansas, Colorado, Illinois and Texas. The purpose of the convention is to exchange ideas along commercial lines. The convention will be in session until Wednesday. Mr. Hoffman will return Wednesday night.

ACCIDENT AT PICKERING.

Bryan Hanna Met With Accident on Sunday Afternoon—Bullet Hit His Shoulder.

Bryan Hanna, son of John Henry Hanna of Pickering, met with an accident on Sunday afternoon about 4 o'clock. He had a 32-caliber gun with him, and he says that one of the loads fell on the cement sidewalk and exploded, the bullet hitting him in the shoulder. Physicians were summoned and the wound dressed. It may be necessary to operate. The boy is 19 years old.

TO PREVENT FIRE

OCTOBER 9 WAS SET ASIDE FOR THIS PURPOSE.

REDUCE FIRE HAZARD

Proclamation Issued by Acting Governor Painter Contains Many Good Suggestions.

Acting Governor Painter joined Saturday in a nation-wide movement to reduce preventable fire waste, which would incidentally reduce fire insurance rates, when he issued a proclamation designating October 9, the anniversary of the disastrous Chicago fire, as "state fire prevention day," and calling upon the people to take precautionary steps to prevent fires which arise from defective flues, electric wiring, inflammable rubbish, etc.

Charles Sent Up Again.

Loren Charles, who is well known in Maryville, but has been residing in St. Joseph, is again in the workhouse in that city. The following is what the St. Joseph News-Press says:

Loren Charles, 30 years old, an able-bodied man who practically has made the workhouse his home, because he is too lazy to earn a livelihood, was sent up again by Judge Allee in police court this morning on a charge of "mooching" on the streets last night.

Forge is Fed.

The following is from the Daily Drovers Telegram of Kansas City:

J. H. Michael of Nodaway county, Missouri, informs us that there is a considerable amount of forage feed in that section of the state. "This will afford the farmers a good opportunity to carry over a good many stock cattle, but there will not be the usual number of cattle fed the coming winter."

WE WANT TO SHOW YOU

The Best Range

— It Is All-Ways Preferable

THIS range has **many** Points of Advantage over other ranges, but **one** of these points is enough to sell it. It is the only Malleable Range made with Patented Keystone Copper-Bearing **Aluminum-Fused** Flues. This metal will resist rust and known, and this metal is the only Malleable Range in which used, for it is patented, and the makers have the exclusive right to use it for insulating the inside flues of Malleable Ranges.

In order that you may see the range and learn all about it, WE HAVE ARRANGED FOR A DEMONSTRATION IN OUR STORE WEEK OF SEPT. 29 to OCT. 4. We want you to come because we want to sell you The Best Range on Earth.

If you buy during that week we will make you a present

of a set of High Grade Pure Aluminum Cooking Ware. This offer is for that week only.

You will buy THE SOUTH BEND MALLEABLE some day, because you want the best cooking range; the best baker; a range that will consume the smallest amount of fuel and the most durable. Be sure and come.

Special Demonstration and Sale GREAT MAJESTIC RANGES

ONE WEEK
ONLY

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (price always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic MALLEABLE AND CHARCOAL IRON Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

150 MAJESTIC BIRDS FREE
Monday, between 3 and 5 p.m.

The first 150 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p.m. MONDAY, written answers to the following questions, will receive a "Canary Bird Souvenir" FREE.

- 1—What range is your mother now using?
- 2—Do you know anyone needing a new range? Who?
- 3—Why is the GREAT MAJESTIC the most durable range made?

50-cent Article FREE

The one giving neatest and best answer to the last question may select any 50-cent article from our stock, in addition to the SOUVENIR.

Don't be discouraged if you are not one of the 150 to get a Canary Bird Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

You can have worlds of fun with the MAJESTIC BIRD—it imitates the canary to perfection.

Be sure to have your answers ready to hand in at our store MONDAY AFTERNOON, between 3 and 5.

SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come, If You Intend to Buy or Not

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

DON'T OVERLOOK THE DATE. THIS IS A SPECIAL INVITATION TO YOU AND YOUR FRIENDS AND NEIGHBORS

FIRE PREVENTION DAY
On October 9 by Proclamation of Acting Governor Painter.

(Continued from Page 1)
cially important.

It is advisable to have on hand at all times, conveniently located, fire extinguishers. Several kinds of liquid fire extinguishers have been approved by the National Underwriters' association and care should be used to get one that has been tested and found reliable. All fires could be easily suppressed at the start with a chemical extinguisher.

In factories where a considerable number of employees work, and in schools and other public buildings where people congregate, printed rules should be displayed, giving directions for necessary precautions against fire, and as to methods of escape from buildings in case of fire, and proper drills should be given at regular intervals.

The burning of rubbish, except under proper public regulation in cities and towns, should be prohibited.

All unnecessary openings in buildings should be closed, and all inflammable material around openings removed.

The advisability of cities and towns enacting ordinances calculated to secure the construction of fire resisting buildings and the installation of proper fire escapes is recommended.

All city and town authorities should rigidly inspect moving picture show buildings, and require that a sufficient number of exits be provided, and that there be an ample supply of fire extinguishers available at all times.

Daughter and Son Deaf and Dumb.

Manchester, Sept. 22.—Relatives of the queen of Spain have been shocked

by the news that the second daughter of the queen, the second son, will be both deaf and dumb.

We have an opening in this office for a bright boy of 15 or 16 years at small wages to start, but with increased pay as his efficiency warrants. He will be given an opportunity to learn a trade where the efficient mechanic is ever in demand at wages that the clerk, the stenographer, book-keeper or average school teacher cannot hope to command. The application, education and ability that will put a boy in the front rank in any of the professions mentioned above will make of him a mechanic that need never fear lack of employment. The opportunities for the above-the-average boy are greater in the printing business than in any of the ordinary evocations of life. The greatest demand for employees in America today is for the skilled mechanic. The boy who has passed the grades stands a better show in the printing business than he does in any mercantile line.

Every mother and father of young children will hear with something more than interest the statement made by Dr. J. B. Murphy of Chicago that he brings back from Europe the news that scarlet fever can be freed of contagiousness. So high is Dr. Murphy's rank among physicians that his announcement will be accepted throughout the medical profession as one made after sufficient investigation to warrant confidence little less than certainty that he is not mistaken.

Scarlet fever is a somewhat mysterious, as well as a most terrible, malady, for though there is every reason to believe that it is of bacterial origin, its germ has never been isolated. Not only are its victims in serious danger of death from its direct consequences, but, if they survive these, only too often they suffer through life from grave physical or mental incapacities. It numbers among the most contagious of the fevers, and every case of it is therefore a public danger.

The spreading of the disease is what Dr. Murphy says can be stopped, and by the very simple expedient of daily inunctions of oil of eucalyptus. This is well known germicide of the milder sort, and would hardly be expected to be efficient for the purpose, but the question is one of fact, not of expectation.

If it meets the pragmatic test—if it works, that is—scarlet fever ought soon to be conquered, not by cure, but by prevention, which is vastly better.

ANOTHER TRIUMPH.

What Dr. J. B. Murphy of Chicago Says About Scarlet Fever.

Every mother and father of young children will hear with something more than interest the statement made by Dr. J. B. Murphy of Chicago that he brings back from Europe the news that scarlet fever can be freed of contagiousness. So high is Dr. Murphy's rank among physicians that his announcement will be accepted throughout the medical profession as one made after sufficient investigation to warrant confidence little less than certainty that he is not mistaken.

"Many would have a good time if they did not postpone it. They build their castles in next year, it is not until they reach a certain point, finish a certain course, amass a certain amount of money, secure a certain honor, settle a certain problem, complete a certain task, that they think it possible to settle down and begin to enjoy life. Their good time is always coming. It never arrives. He who is not master of today need not expect to make a conquest of tomorrow. It is too bad he had to die, for he had just gotten ready to live, so I heard his neighbors say of a man who had died at the age of 60. What he had been doing through all his sixty years I do not know."

Scarlet fever is a somewhat mysterious, as well as a most terrible, malady, for though there is every reason to believe that it is of bacterial origin, its germ has never been isolated. You Won't Find Happiness by Chasing It.

In the October Woman's Home Companion Charles E. Jefferson, pastor of the Broadway tabernacle, New York City, writes about "A Good Time." Following is an extract:

"A good time does not depend on place. There are those who are always certain that they would be happy if they were only somewhere else than where they are. They are ever wanting to go somewhere. Their present environment never satisfies. If they were in another house, or in another position, or in another city, then all would be well. They do not know that happiness comes from one's state, and not from one's station. It flows from one's condition, and not from one's situation. It depends upon character, and not upon surroundings. A woman

who is fussy in a cottage will be fussy in a mansion. A man who is disgruntled in a village will not be better humored in a city. The poet who wished he had the wings of a dove so that he could fly away was not unlike the rest of us when we get foolish."

"Many would have a good time if they did not postpone it. They build their castles in next year, it is not until they reach a certain point, finish a certain course, amass a certain amount of money, secure a certain honor, settle a certain problem, complete a certain task, that they think it possible to settle down and begin to enjoy life. Their good time is always coming. It never arrives. He who is not master of today need not expect to make a conquest of tomorrow. It is too bad he had to die, for he had just gotten ready to live, so I heard his neighbors say of a man who had died at the age of 60. What he had been doing through all his sixty years I do not know."

Scarlet fever is a somewhat mysterious, as well as a most terrible, malady, for though there is every reason to believe that it is of bacterial origin, its germ has never been isolated. Not only are its victims in serious danger of death from its direct consequences, but, if they survive these, only too often they suffer through life from grave physical or mental incapacities. It numbers among the most contagious of the fevers, and every case of it is therefore a public danger.

The spreading of the disease is what Dr. Murphy says can be stopped, and by the very simple expedient of daily inunctions of oil of eucalyptus. This is well known germicide of the milder sort, and would hardly be expected to be efficient for the purpose, but the question is one of fact, not of expectation.

If it meets the pragmatic test—if it works, that is—scarlet fever ought soon to be conquered, not by cure, but by prevention, which is vastly better.

You Won't Find Happiness by Chasing It.

In the October Woman's Home Companion Charles E. Jefferson, pastor of the Broadway tabernacle, New York City, writes about "A Good Time." Following is an extract:

"A good time does not depend on place. There are those who are always certain that they would be happy if they were only somewhere else than where they are. They are ever wanting to

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a Savings Department in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our Savings Department with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world and think what it means.

The Savings Department of the Nodaway Valley Bank opened for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

Don't overlook this invitation to start a Savings Account. Drop in next time you are passing and get started. We have a book for you.

FUNERAL OF
MAYOR GAYNOR

Public Services Are Held in Old
Trinity Church.

THOUSANDS PASS BY HIS BIER

Masses March Through Flower-Filled
Rotunda of City Hall as Body Lies
in State—Affection for Deceased
Executive Shown by Mourners.

New York, Sept. 22.—The public funeral ceremonies for William J. Gaynor were held at Trinity church this morning.

In a double line that never seemed to decrease in length, thousands of persons filed through the flower-filled rotunda of the city hall and past the body of Mayor Gaynor, lying in state.

About a fifth of the crowd were women and children. Mayor Kline is sued an order to keep the rotunda open all night so that all who came might pay their personal tribute to the memory of his predecessor.

All night the police on guard around City Hall park had difficulty in keeping the crowds moving, as many tried even at an inordinately early hour to get in line to view the body. Three policemen and three firemen in reliefs of a half hour stood rigidly at attention during the night beside the coffin, which was draped in the Stars and Stripes and the mayor's flag, while beneath could be seen the colors of the Union Jack, placed there at the request of the Gaynor family in recognition of the courtesy extended by the city of Liverpool.

The bier rested on the same spot where the bodies of many famous men have lain in state.

Pathos During March.

Pathetic incidents were numerous during the day as men and women whom the late mayor had befriended looked upon his face. Among these was a Brooklyn youth, whose part Mayor Gaynor took when it was alleged he was being persecuted by the police and which resulted in an investigation and also the removal of the boy's picture from the rogue's gallery.

An old lady was heard to murmur: "God rest his soul" as she paused beside the coffin. She explained that Mayor Gaynor's order closing the saloons at 1 o'clock had saved her boy from evil companions with whom he loafed in these places. Two aged women, who hobbled into the city hall on crutches, delayed the line several seconds as they said a prayer.

POLICE PROTECT CATHEDRAL

Los Angeles Authorities Get Busy
Upon Getting Dynamite Threat.

Los Angeles, Sept. 22.—St. Viviana's Roman Catholic cathedral was guarded by police against its threatened destruction by dynamite. A warning placed in the hands of the police linked the threat with various other attempted or successful dynamite outrages here.

The unnamed writer of a letter, announcing that he had made the recent attempt on the life of General Harrison Gray Otis, said that he would visit the cathedral. He said that he might, if so inclined, blow up the building. Then, he said, he might visit the Los Angeles Times building, erected on the ground where the old Times building was destroyed by dynamite three years ago.

Granting the truth of the writer's declaration that he had sent General Otis, publisher of the Times, the dynamite bomb through the mails last week, the police were inclined to the theory that they had to deal with a lunatic.

Thomson Prods McReynolds.

Washington, Sept. 22.—Allegations that the government's case against the Southern Pacific Railroad company for the recovery of oil lands, valued at hundreds of millions of dollars, has been "so handled by the department of justice as to be most disadvantageous to the Southern Pacific Railroad company," are contained in a resolution which Representative Charles M. Thomson, Progressive, of Illinois, announced he would introduce in the house today.

Strikers Score Court Injunction.

Calumet, Mich., Sept. 22.—The injunction granted by Circuit Judge O'Brien, prohibiting picketing and picketing by copper mine strikers, while workmen are going to or coming from work, and interference in any way with workmen, was roundly scored at a mass meeting of strikers here.

Convention Takes "Movie Tour."

Chicago, Sept. 22.—Delegates to the International Refrigeration congress took a moving picture tour of the west. Scientific discussion on the problems of refrigeration were put aside and the delegates attended a special picture show portraying California and San Francisco.

Denies Daughter Is Engaged.

Portland, Ore., Sept. 22.—From his summer residence on Eagle island Rear Admiral Robert E. Peary issued denial of the reported engagement of his daughter, Miss Marie Peary, to Donald MacMillan, the Arctic explorer, who is now on his way to the far north.

Grenfell to Be Best Man.

Philadelphia, Sept. 22.—Dr. Wilfred T. Grenfell, head of the Labrador mission for deep sea fishermen, will act as best man for Francis B. Sayre when he is married to the president's daughter, Miss Jessie Wilson, at the White House on Nov. 25, it is said.

Frost at Pierre.

Pierre, S. D., Sept. 22.—The first white frost of the season came last night. Corn was all out of the way and no injury resulted, except to tender vegetation.
